
General stud conditions

- The general conditions of the Association of KWPN Stud Owners (including any amendments and additions filed thereafter) apply to all stud services via MvM Horses.
- The insemination and the stay of your mare at our station is at the expense and risk of the mare owner.
- The mare's guidance at our station is provided by veterinarian Maaïke Lautenschütz of Voortplanting Praktijk Paard (VPP)
- Invoices from VPP go directly to the mare owner.
- Mares must be vaccinated against influenza.
- Before the first insemination, please provide horse and mare owner details.
- You can place semen orders with us until 9:00, by telephone or e-mail.
- All stud fees are exclusive of 21% VAT.
- Shipping costs and NVWA costs are fully charged to the mare owner.
- After the first insemination, the invoice will follow with the fixed costs of the covering.
- Without a gust notification/declaration before October 1, you will receive an invoice with the pregnancy surcharge of the other costs of the stud fee.

Inseminations with foreign stallions.

- €45,- per insemination is charged.
- Up to the maximum amount of €180,- per breeding season of the mare.
- Shipping costs and NVWA costs are fully charged to the mare owner.

By ordering and receiving the semen, the mare owner has taken note of our covering and payment conditions and hereby automatically declares that he or she agrees with these covering conditions.
